

MI'KAEL CHALYCE

Vocalist | Songwriter | Actress | Dancer

I am passionate. I am daring. I am authentic. I am empowered. My art stimulates the cultural and intellectual faculties of rulers and leaders from diverse backgrounds. My voice captures emotional evolution by translating the anguish, progress, struggle, and joy that we collectively experience on a daily basis. I create from my innermost self with spiritual liberation and pure motives. My messages are raw, unapologetic and speak directly to the soul of the listener.

Mi'Kael Chalyce is a multifaceted artist, performer, mother, educator, and advocate, with a profound commitment to healing and upliftment. Hailing from Nashville, TN, her musical journey is a rich tapestry of experiences that draws inspiration from icons like Whitney Houston, Mary J. Blige, Jill Scott, and the gospel sounds of her "church girl" upbringing.

Not only is she a triple-threat, with a background in dance, theatre, and vocal performance--but she has dedicated nearly a decade to education and honing her songwriting skills.

Pre-COVID-19, Mi'Kael released her debut single, "Passion and Chemistry," followed by her "EP Set Free" (available on all streaming platforms). Her music encapsulates the essence of empowerment and resonates deep with her audience.
